All Sound Science Deserves To Be Published

[SUBMIT YOUR RESEARCH](#)

PLOS ONE—Committed to Quality and Open Access

We provide open and rapid dissemination of original research in all areas of science, including interdisciplinary topics, negative results and replication studies.

Experience

Over 6,000 Academic Editors and 80,000 reviewers provide depth of knowledge and diverse perspective

Quality

Rigorous peer review and comprehensive ethical and technical checks uphold high quality standards

Speed

Evaluation based on scientific rigor, not significance, cuts time to publication and allows all good work to be published

Influence

Curated [themed collections](#) increase *PLOS ONE* article visibility and help readers stay current on the most relevant research

[Article-Level Metrics](#) showcase the value and help guide understanding of a work's influence

Across the globe, thousands of articles, blogs, radio programs and podcasts discuss *PLOS ONE* research articles each year

Make Your Research Count

Join an international community of 435,000+ authors—
from Nobel laureates to early career researchers—and
discover a faster path to publishing in a high-quality
journal.
